| Ben         | Like     | Got postgres set up with rails and made database schema. | <b>SCRUM Master</b><br>"Making progress; learning how to make db schema"  | <b>SCRUM Master</b><br>"Ben has a sparkling personality and charming looks, and he also is busting out a bunch of rails code. We set up the skeleton of the site and have been migrating content over, and have begun tackling the more difficult tasks"<br>"Following sprint plan on | <b>SCRUM Master</b><br>"Working on the Rails tutorial; never misses meetings"<br>"Got through a good chunk of the rails tutorial and suggested we move to cloud9 which we have done" | "Eagerness to start learning ruby on rails." |
|             | Improve  |  |   |   |  |  |
| Julia       | Like     | <b>SCRUM master?</b><br>Good attitude                    | Julia has an upbeat attitude and stuff.   | "Attending scrum meetings, and working on the high level design for the help center"  | "Started learning rails and has been helping with paperwork"   | "Eagerness to start designing the site"      |
|             | Improve  | Needs to start doing work for the project                | It'd be great if Julia took initiative and jumped on tasks instead of waiting to have them assigned to her.   | "Start busting out some code!"  | "Keep busting out rails!"  |  |
| Josh (PO)   | Like     |  | "Josh gets 1 million points for being a phat baller and putting a carousel on the front page. His work is really pushing this project forward."<br>"Making progress; made carousel" | "Assigning tasks; following sprint plan"  | "Meets with the users (teachers) back home; finishing up the Rails tutorial; never misses meetings"  |  |
|             | Improve  |  |   |   |  |  |
