Ben	Like	"Met at my house for scrum meeting and was able to pull out some help from my housemate; new pages being built woo" "Kept doing the log in"	"Kept working on login stuff with postgres and is improving our existing login." "Active in getting help; created db schema"	"Got postgres set up with rails and made database schema."	**SCRUM Master** "Making progress; learning how to make db schema"
Ben	Improve				
Julia	Like	**SCRUM master?** "Made a bunch of great art"	**SCRUM master?** "Downloaded rails and postgres but still hasn't set up site" "It's hard to say what I like about Julia's work when I haven't seen any."	**SCRUM master?** "Good attitude"	"Julia has an upbeat attitude and stuff."
Julia	Improve		"Needs to start doing work for the project" "Julia needs to learn not to wait to be assigned tasks. She needs to be on top of knowing what the site needs, and tackling something when she sees it needs doing."	"Needs to start doing work for the project"	"It'd be great if Julia took initiative and jumped on tasks instead of waiting to have them assigned to her."
Josh (PO)	Like	"Productive scrum meetings, we got to Google Hangouts his friends who started the website back home!"	"Josh consistently takes initiative in handling anything that needs to be done." "Made the carousel"		"Josh gets 1 million points for being a phat baller and putting a carousel on the front page. His work is really pushing this project forward." "Making progress; made carousel"

Ben	Like	**SCRUM Master** "Ben has a sparkling personality and charming looks, and he also is busting out a bunch of rails code. We set up the skeleton of the site and have been migrating content over, and have begun tackling the more difficult tasks" "Following sprint plan on time!"	**SCRUM Master** "Working on the Rails tutorial; never misses meetings" "Got through a good chunk of the rails tutorial and suggested we move to cloud9 which we have done"	"Eagerness to start learning ruby on rails."
	Improve			
Julia	Like	"Attending scrum meetings, and working on the high level design for the help center"	"Started learning rails and has been helping with paperwork"	"Eagerness to start designing the site"
	Improve	"Start busting out some code!"	"Keep busting out rails!"	
Josh (PO)	Like	"Assigning tasks; following sprint plan"	"Meets with the users (teachers) back home; finishing up the Rails tutorial; never misses meetings"
