Sprint 3 Plan
Classroom Hero
November 14, 2014

Goal: Learn Ruby on Rails and start developing the site as a team.

User Story 1:
As an administrator I want to see the costs and benefits
        Task: Add more information to the carousel
        Task: Add in the images and animations for the how it works dropdown
        Time: 2 hours

User Story 2:
As a teacher, I want to see how to use Classroom Hero
        Task: Fill in the content for the how it works
        Task: Create a support center
        Time: 4 hours

User Story 3:
As a teacher, I want to manage my class online
        Task: Hook up site to java web services
        Task: Create a template page for the teacher home
        Task: Use sessions or cookies to keep the teacher logged in
        Task: Display an account button instead of sign up / sign in on home page
        Task: Create an account dropdown for editing the account
        Task: Create a teacher profile page where they can manage their options
        Time: 5 hour
User Story 4:
As a teacher, I want to view statistical data about my class
        Task: Hook up site to web services
        Task: Create a page for viewing statistical data
        Task: Use a good graphing engine to display the data
        Time: 3hours

Team Roles:
        Josh Nussbaum: Product Owner
        Ben Gordon: Scrum Master
        Julia Modorsky: member

Josh: every story/task
Ben: every story/task
Julia: every story/ task

Burn Chart: see attached file

Scrum Board: http://scrumblr.ca/Classroom%20Hero%20Site

Scrum times: M/W/F after CS 115; W: 3:45PM Grace will attend the meeting
